### AVALON AIRSHOW 2005 BUS SHUTTLE

Dear Mr <sup>Dominic</sup>Sita

The Department would like to congratulate Sita Coaches on the successful provision of the bus shuttle service between Lara Station and the 2005 Avalon International Airshow from 15 to 20 March 2005.

The professionalism and commitment during the planning and delivery of the service by yourself and Ross Walker from Roscar Management ensured a well trained workforce and a seamless integration of the subcontracted bus companies. These factors resulted in a service delivery of high standard, which was further enhanced by the genuine commitment and friendly service that all your staff provided over the six day period.

The Department is looking forward to working with you in the future and is wishing you success in your undertaking of providing the Games Family transport solution for the 2006 Commonwealth Games in Melbourne.

Yours sincerely

Jim Betts  
Director of Public Transport
